

**MENLO
COMMONS**
2140 Santa Cruz Avenue
Menlo Park, CA 94025

Information Directory 2024

ABOUT THE COVER...

Visions for the future of Menlo Commons interior garden

A group met between June and September 2022 to discuss ***Drought Resistance Landscaping and water-wise management.***

Much information was uncovered and presented in seven meetings to the around 20 residents who attended.

Vigorous discussion with numerous suggestions followed.

We have around 170 people living at Menlo Commons, so perhaps 150 did not partake of the water use data and slide shows focused on landscaping now archived at

<http://www.forssell.com/menlo/Drought/Drought.html>

Or: go to www.forssell.com
and click on

- For Menlo Commons residents / then
Menlo Commons Projects / then
Landscaping / and there you are 😊

This 2024 Information Directory features another conceptual illustration, inserting a photo of Stanford's Tressider plaza, to scale, in a drone photo. This shows that a drought resistant Menlo Commons garden can readily incorporate an open space that provides for pleasant outdoor, low noise, gatherings and parties a large portion of the year.

The archive holds slide shows that document what residents said they like, potential to enhance privacy for several units by sculpting our garden, ideas for the creation of a variety of social spaces for individual enjoyment and recreation.

The time will come when Menlo Commons will have to take drought resistance seriously, and that will mean opportunity to make a great garden even better.

Al's garden has already been converted and looks beautiful. More progress is underway. Let us keep up the conversation.

This Information Directory up to date: July 5, 2024

Independently produced & sponsored by Dag Forssell,
a volunteer service for the Menlo Commons community.

No HOA funds were used in creating,
printing or distributing this directory

WHAT TO DO WHEN....

In case of a health or medical emergency

CALL 911, stay on the telephone line and give clear, accurate information. State your name, address, building, unit, and your telephone number. Also your gate code if appropriate.

In case of fire

If the fire alarm sounds, feel the door before opening. If it is hot, use another way out. See p. x and tinyurl.com/FireEducation

Please trigger the alarm in your hallway, then CALL 911

Alarms are located next to each staircase door on every floor. These alarms warn your neighbors, not the fire department, so it is important that you call 911.

In case of emergency, such as flooding... ¹

...or other imminent property damage or safety endangerment, call The Manor emergency phone at 650 587-3505.

In case... (not a complete list, but you get the idea ☺)

You don't want to get yourself locked out	See page xi
A drain is clogged	Call MCS *
The pool needs attention	Call MCS *
A sprinkler problem ²	Call MCS *
Building needs repair	Call MCS *
Carpet needs cleaning	Call MCS *
Mechanical noise	Call MCS *
A landscaping problem	Call MCS *

* **MCS** = The Manor Client Services: 650 637-1616 ext. 1
Email: cs@manorinc.com, Emergency: 650 587-3505.
The Manor has a staff of 3 on call Mon-Fri, 9:00–5:00
They will contact Val, our on-site manager.

For more on the Manor, see page iv.

- 1 If flooding in building, see pages xii – xvi.
- 2 If sprinklers are gushing, see page xvii.

BOARD, COMMITTEES, TELEPHONE

Telephone – Television – Internet

For telephone, TV or Internet service issues or billing questions call AT&T at 866 299-6824. Say you have a Connected Community Contract. Have your AT&T acct / phone number handy.

OUR MANAGEMENT COMPANY

Menlo Commons is professionally managed by:

The Manor Association

1820 Gateway Drive, Suite 100 San Mateo, CA 94404

Our Community Association Manager is:

Nichole Dillon-Lee: Phone: 650-781-9138

Email address: ndillonlee@manorinc.com

The Manor Association Client Services can be reached via:

Phone: 650 637-1616 ext. 1 Fax: 650 637-1670

Email cs@manorinc.com www.manorinc.com

The Manor Association Client Services ...

...is open Monday thru Friday, 9:00 am–5:00 pm.

All maintenance issues or requests, inquiries, questions or concerns regarding the facilities or operation of Menlo Commons should be directed to Manor Client Services. (Not to Val Smith or HOA Board members.)

When calling please provide your name, building and unit, and your telephone number. Please clearly state the purpose of your call. Client Services will log your call and direct it to the appropriate person for resolution.

Weekend and After-Hours Requests

For Maintenance Services ***IF IT IS AN EMERGENCY***, defined as imminent property damage or safety endangerment, please call The Manor at 650 587-3505 and speak to the on-call Manor representative or leave a message with phone number. Your call will be returned ASAP.

IF IT IS NOT AN EMERGENCY, call Manor: 650 637-1616 ext. 1 and at the voicemail prompt please leave a detailed message with your name, building and unit number, that you are calling from Menlo Commons, and the service needed.

GOOD TO KNOW... ORGANIZATION...

Our Menlo Commons Board of Directors...

...are volunteers who serve our Association. By California civil code the Board of Directors has the fiduciary obligation to protect, maintain, and enhance the value of assets, and is responsible for management and operation of the association. The board has retained the services of our management company, the Manor, to handle day-to-day operations, and the Manor in turn, employs our on-site manager, Val Smith. When you have a concern, please direct your communications as shown on page ii. Do not call your volunteer board member friends unless a truly urgent issue demands it.

Association Bylaws and CCRs...

...are our formal governing documents.
A copy is located in the Commons Room.

Insurance and liability...

...Buildings are owned and insured by the Association.
...Unit owners are **required** to carry an HO-6 policy for content and liability. Tenants are **required** to carry an HO-4 policy. Failure to carry such insurance puts owners and renters at **extreme financial risk**.

If you consider any remodeling changes to your unit...

...such as heating and air conditioning, new bath, windows etc., submit your remodel request to the Board for approval. The board will pass it to the Manor, who will submit it to the City for review.

For original drawings for your unit, contact Dag Forssell.

GOOD TO KNOW... ORGANIZATION...**Committees...****Architecture / Remodel:**

Homeowners who want to make upgrades or other changes to their units must confer with the Architecture / Remodel committee to determine what can be done with and without a permit from the City of Menlo Park.

Facilities:

The five Menlo Commons buildings are 45 years old and require understanding and care of common utilities, ventilation systems, as well as general maintenance and upkeep. This committee works to identify issues and resolve them.

Finance:

The Finance Committee works with the Board to continually review the financial condition of the Association.

Landscaping:

The committee will oversee maintenance and improvement to the appearance of the association's common area landscaping (perimeter, lawn, flower gardens, gazebo, walkways, and planters) thru oversight and coordination of the landscaping vendors.

Orientations:

The committee will welcome new residents to Menlo Commons and provide them with pertinent information to enjoy a pleasant and successful move to our community.

Social:

Holiday and other social events are planned by this committee. To use common facilities, residents turn to the social committee for reservations.

COMMUNITY LIVING...

Living together in harmony...

...means considering the impact of your actions on your neighbors, and it means paying attention to things, odors and sounds.

Composting:

ALL residents are strongly encouraged to compost. Please collect food scraps, pizza boxes, used paper plates, flowers, coffee grounds, and paper food containers and empty them in the green trash can in your trash bin room or the big green container right inside the Menlo Commons main driveway entry.

Recycling:

ALL residents are strongly urged to recycle various household waste. Glass, metal, paper, aluminum foil, clean cardboard, plastic jars, and bottles, can be recycled. Check for the recycle symbol if not sure. Styrofoam, bubble wrap and plastic bags cannot be recycled. Place recyclable materials in the large blue bins located in the garage.

Trash:

What cannot be composted or recycled (clothing, broken glass/china), can be placed in plastic bags, tied securely, and placed in the trash chute on each floor. Large items should be carried to the garage level trash room.

Pets:

Are welcome companions, but should neither be seen nor heard in ways that disturb your neighbors. Never bring pets into the Commons Room. Please walk your pets for toilet purposes outside of the fenced interior courtyard, and pick up droppings right away. Place waste in one of the two exterior pet waste collection baskets. Please—kitty litter must be carefully bagged and sealed before being placed in garbage chutes.

COMMUNITY LIVING...

Independent of the board, residents can and do organize activities such as:

Emergency preparedness, Movie nights, Mahjong, Bridge, Exercise, Swimming, Walking, Hiking, Shopping, Swapping books and equipment, Picnics in nearby parks, Communal dining (scheduled, spontaneous, indoors or out). Book clubs, Discussion groups, Lectures, Town Hall meetings, Computer support groups.

Communications...

The Board communicates:

- 1 HOA meeting calendar and agenda are posted on bulletin boards near mail boxes in each building.
- 2 HOA meeting agendas are emailed to residents by the Manor. Meeting minutes are available in Val’s office.
- 3 Important materials (required documents) are sent via the US Mail to owners of record.

Residents communicate between themselves:

- 1 By telephone.
- 2 By email and personal notes.
- 3 By posting on general purpose bulletin boards located in the elevator lobby on the garage level.

To protect our drains, consider a stainless Kitchen Sink Strainer.

\$7.50 at Amazon

To detect flooding, consider a Water Leakage Detection Alarm. Under kitchen sink, under vanity, corner of bathroom floor.

3-pack, \$23 at Amazon

GOOD TO KNOW...BUILDINGS...

Plumbing

It is IMPORTANT that we all **avoid** clogging drains by flushing excess toilet paper, (single thickness recommended) hygiene products and/or wipes down the toilet drains. **Wipes may claim you can flush them, but please don't.** Clogs in the garage ceiling sewer pipes cause flooding—water coming up into toilets and sinks.

Kitchen drains can clog from fat and foods. Never pour grease down the drain. A sieve in your sink can catch tea leaves and anything else so you can dump them in compost.

When it is determined... that a certain unit caused a blockage, the owner may be held responsible for all repair costs.

Toilet, bathroom, kitchen drains...

...all empty into the pipes suspended in our garage ceilings.

Some drains on the 3rd floor drain 19 ft straight down.

Some drains on the 3rd floor drain 9 ft straight down, then join 2nd floor drains.

Most drains on the second floor join drains on the first floor 9 ft down.

Most toilets drain straight to the garage level.

Of course, all drains are vented to the roof.

If you have a clogged drain... see page ii

GOOD TO KNOW...BUILDINGS...

Third floor deck drains...

... must be kept clear of debris, such as leaves, to allow flow and prevent flooding. This is the owner's responsibility.

Please conserve water...

... we use water for irrigation, our pool, and personal use, and it adds up to substantial expense. Please conserve!

Be prepared for and notified of emergencies...

... Study the National Fire Protection Association flyer here: tinyurl.com/FireEducation Specific to apartment buildings!

The San Mateo County alert system, **SMC ALERT** is an alert notification system used to immediately contact you during urgent or emergency situations. To sign up: hsd.smsheriff.com/smcalert

Earthquake preparedness information is available at California Earthquake Authority, www.earthquakeauthority.com

In case of a power outage...

... Emergency lights in hallways and stairs turn on; they have a battery life of approximately 4 hours.

... Elevators descend and doors open.

To use the elevator emergency phone, just open door and press button. Staff stands by to take your call 24/7.

... Garage gates open and stay open for the duration of the power outage

Commons room...

... is a major feature of Menlo Commons. Reservations are available for private use.

Commons room kitchen...

... is well equipped to support substantial parties in the Commons Room. Reservations are required for private use.

Gym in bldg E...

... hours are from 6:00 am to 11:00 pm, seven days a week. See MC Operating Rules located in the Commons Room.

Community pool...

... is available to residents and adult guests from 6 am to 11 pm. Please observe posted rules.

Building and unit drawings...

... scanned from original building blueprints can be made available on request. Some are available already; some require processing. Contact Dag Forssell.

DON'T GET YOURSELF LOCKED OUT

The Manor Association, The MC Board, and Val Smith ... Do NOT provide lockout services

For extra keys, visit the Foster Brothers store in Sunnyvale. 555 South Murphy Ave, Sunnyvale, CA 94086. 408 736-4500.

locks@fosterbrothers.com www.fosterbrothers.com

Bring your existing key and your ID. Foster Brothers will match your name to our current Menlo Commons Info Directory. The cost to make a copy of an existing key is \$21.

If you wish to make a new key for your door, please let Val or Shirley Clayton know: shirleyclayton2@gmail.com and 650-823-3011. Foster Brothers will not make a new key without Menlo Commons approval. They will need to come to your condo door. There is a trip charge of \$105, plus \$35 for every 15 minutes of work and \$24 per key.

We strongly urge all residents to establish access to a spare key to gain entry to their unit in the event a lock-out occurs.

Keep an extra key in a lock box?

Kidde pushbutton key safe \$38

Kingsley Realtor's Lockbox \$17

WATER SHUTOFF... BUILDING A...

In case of flooding in a unit, shut off water to the building.

Enter the Water Heater room.
Building A resident key required.

Use either valve to shut off water.
Unit between them is a pressure reduction valve.
Location: ceiling close to jacuzzi and pool.

WATER SHUTOFF... BUILDING B....

In case of flooding in a unit, shut off water to the building.

Enter the resident storage locker room
Building B resident key required

Use either valve to shut off water.
Unit between them is a pressure reduction valve.
Location: ceiling above locker.
Tip: Keep ladder handy, you will need to reach up.

WATER SHUTOFF... BUILDING C....

In case of flooding in a unit, shut off water to the building.

Enter the Water Heater room.
Building C resident key required,
or not.

Use either valve to shut off water.
Unit between them is a pressure
reduction valve.
Location: Straight ahead in room.

WATER SHUTOFF... BUILDING D....

In case of flooding in a unit, shut off water to the building.

Enter the storage room.
Building D resident key required,
or not.

Use either valve to shut off water.
Unit between them is a pressure
reduction valve.
Straight ahead, inside outer wall.

WATER SHUTOFF... BUILDING E....

In case of flooding in a unit, shut off water to the building.

In front of garage space 208

Use either valve to shut off water.
Unit between them is a pressure reduction valve.

WATER SHUTOFF. ALL IRRIGATION....

In case of flooding by sprinklers,
shut off water to all irrigation at Menlo Commons.

Location: View from MC entry, below Bldg A and tree.

When horizontal, behind water pipe, blue handles are barely visible. Valves are open. Not shown in this picture.

To close water to irrigation, reach behind pipes and turn at least one blue valve handle upright.

Device between shutoff valves is a back flow valve.

Left handle: incoming Right handle: out.

It is enough to turn off either valve.

ABOUT THE PHONE BOOK ...

Which building? Which floor?		
Unit	LAST, First names email address second email address	Phone numbers 650 area code is now included.

650 now shown: (Not shown in prior directories).

Calling 650 area code phone numbers in most of San Mateo and Santa Clara Counties will soon require ten digit dialing as the FCC implements 988 as a suicide prevention hotline.

Name	Find Your Friend	
First, Last	E-mail	Unit

This section is designed so you can find a resident by his or her first name. Given the Unit, you can look up phone number and more in the first section.

Keeping this directory up-to-date

Please review your listing with care. Do you spot typos or want change phone numbers or your email address? Want to spell out what is a home or cell phone? Want to add a phone number or email address to the person looking after you or your unit? Want to say iPhone instead of Cell, so that friends will know they can call using Apple FaceTime?

I update this directory when I receive orientation data about new owners or renters. I remove residents when they have moved out.

Val will provide extra copies of this directory on request.
